

Reshaping futures

ANNUAL REPORT 2008-2009

our mission

New Directions provides quality life-changing treatment to chemically dependent adolescents and their families dealing with emotional, behavioral, or psychiatric needs.

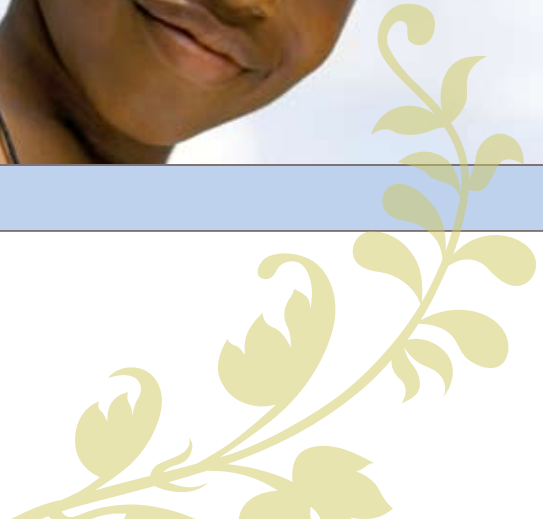

core values

our vision

New Directions will be the provider of choice for adolescents and their families from assessment to continuing care. We deliver proven and innovative evidence-based services and collaborate with organizations sharing similar values.

- 🌱 Client-Centered
- 🌱 Diversity
- 🌱 Excellence
- 🌱 Integrity
- 🌱 Respect
- 🌱 Responsibility
- 🌱 Tenacity

from the director

Mike Matoney

David Skrabec

What a year! New Directions completed construction of our \$2.5 million female residential building and moved into the building on time and on budget. With the support of individuals, corporations, and foundations, our Board of Directors and Capital Campaign Committee reached the total campaign goal of \$3.1 million, which included renovations to our existing building.

We remembered posthumously our Chairman Emeritus, Hayden Thompson, by naming our entire campus the “W. Hayden Thompson Center at New Directions”. He was a visionary who advocated the effectiveness of our programs to others, as well as helping us grow in terms of both service delivery and physical facilities.

The “Nikki Babbit Serenity Garden and Recovery Trail” commemorates the enormous contributions of our founding Executive Director Nikki Babbit. This also fulfills Nikki’s wish to have a quiet reflective place for clients and families to wrap themselves in amidst the challenges in early recovery.

Our new female residential building was named the “Nancy Hanna House” to honor the contributions of our beloved and long-standing Board Member Nancy Hanna. She is a tireless advocate of women in recovery, as well as a New Directions Board Member for over 25 years.

Most importantly, we served more adolescents and families this past year than ever before, a testament to the growing need for addiction/mental health services among our young people and the quality of our programs. It is gratifying to be a part of reshaping someone’s future! We have seen some young people lose their lives because of

addiction and their choices. We are dealing with life and death issues; this is why we will tenaciously pursue our mission.

Treatment makes a difference...recovery makes a life...and sometimes begins to change the world, too!

Sincerely,

Mike Matoney
Executive Director

David Skrabec
